### WOMAN.

How soulless is woman!  
What painter can trace  
The varied emotions  
That glim on her face?  
And what art can portray  
The feelings that lie  
In the heaven of her bosom,  
The glance of her eye?

How tender is woman!  
The watcher at night,  
Who leaves not the blossom  
On account of the blight;  
An angel of mercy,  
She soothes us in pain,  
And smiles in her gladness  
When health comes again.

How lofty is woman!  
Deep, deep is her ire,  
When light words enkindle  
The spark on the pyre;  
Majestic she towers,  
Man quails from her view,  
Till her wrath, like the cloud,  
Soon dissolves like the dew.

How loving is woman!  
How fragile she clings  
In him she hath chosen,  
Whatever he brings;  
Though all he can utter  
Are words to deceive,  
Confiding—she loves him;  
Though false—will believe.

How childlike is woman;  
How winning her ways—  
She strives for our pleasure  
Through long, weary days;  
No ill can afflict her,  
No shade can annoy;  
She seeks but to lead us  
To sunshine and joy.

### ANECDOTE.

Capt. P.—\* was a gentleman, a merchant, a seaman, and a true and tried Patriot in the American Revolution; neither his friends nor his enemies ever doubting his valor or prudence. After the peace of 1783, Captain P. was one of the first of our citizens to attempt a Commercial intercourse with the subjects of Russia, and it not the first, was one of the first that ever displayed the stripes and stars at Cronstadt. Shortly after his arrival at St. Petersburg, he accepted an invitation to dine with his merchant; there was a large number at the table, and among the rest, was an English lady, who wished to appear one of the knowing ones. This lady, on understanding that an American was one of the guests, expressed to her friend a determination to quiz him. Accordingly she fastened on him like a tigress, making many inquiries respecting our habits, customs, dress, manners and modes of life; education, amusements, &c., &c. To all of her enquiries Captain P. gave answers that satisfied all the company except the lady; she was determined not to be satisfied, and the following short dialogue took place.

Lady.—Have the rich people in your country any carriages, for I suppose there are some that call themselves rich.

Capt. P.—My residence is in a small town, on an island, where there are but few carriages kept, but in the larger towns and cities on the main land, there are a number that are kept in a style suited to our republican manners.

Lady.—I can't think where you find drivers. I should not think the Americans would know how to drive a coach.

Capt. P.—We find no difficulty on that account, Madam; we can have plenty of drivers by sending to England for them.

Lady.—(Speaking very quick.) I think the Americans ought to drive the English, instead of the English driving the Americans.

Capt. P.—We did, madam, in the late war; but since Peace, we permit the English to drive us!

The Lady, half choked with choler, sat mute a minute and left the room, whispering to her friend, the yankees are too much for us in the cabinet as well as in the field.

\*The late Capt. Benjamin Pierce, of Newport, R. I., formerly known in all the Commercial parts of the State.

### ADVICE TO A DAUGHTER.

There is one point, my daughter, which is too important to be omitted; I refer to the deportment which it becomes you to maintain towards the other sex. The importance of this, both as it respects yourself and others, you can scarcely estimate too highly. On one hand, it has much to do in forming your own character, and I need not say that any lack of prudence in this respect, even for a single hour, may expose you to evils which no subsequent caution could enable you effectually to repair. On the other hand, the conduct of every female who has the least consideration, may be expected to exert an influence, on the character of every gentleman with whom she associates; and that influence will be for good or evil, as she exhibits, or fails to exhibit a deportment which becomes her.—So commanding is this influence, that it is safe to calculate upon the character of any community, from knowing the privileged standard of female character; and that can scarcely be regarded as an exaggerated maxim, which declares that "women rule the world."

Let me counsel you, then, never to utter an expression, or do an act, which even looks like soliciting any gentleman's attention. Remember that every expression of civility, to be of any value, must be perfectly voluntary, and any wish on your part, whether directly or indirectly expressed, to make yourself a favorite, will be certain to awaken the disgust of all who know it.—I would not recommend to you any thing like prudish or affected reserve, but even this is not so unfortunate an extreme as an excessive forwardness. While you modestly accept any attentions which propriety warrants, let there be no attempt at artful insinuation on one hand, or at taking a man's heart by storm on the other.

Be not ambitious to be considered a belle. Indeed I had rather you would be almost any thing else, which does not involve gross moral obloquy, than this. It is the fate of most belles, that they become foolishly vain, think of nothing and care for nothing beyond personal display; and not unfrequently sacrifice themselves in a mad bargain, which involves their destinies for life. The more of solid and enduring character you enjoy, the better; and you ought to gain whatever of this you can by honest means.

orable means; but to be admired; carressed and flattered, for mere accidental qualities, which involve nothing of intellectual or moral worth, ought to render any girl who is the subject of it, an object of pity.—You are at liberty to desire the good opinion of every gentleman of your acquaintance; but it would be worse than folly in you to be ambitious of a blind admiration.

I will only add, that you ought to be on your guard against the influence of flattery. Rely on it, the man who flatters you, whatever he may profess, is not your friend. It were a much kinder office, and a real mark of friendship, to admonish you tenderly, yet honestly, of your faults. If you yield a little to flattery, you have placed yourself on dangerous ground, and if you continue to yield, you are not improbably undone.

## NEWPORT DAILY NEWS.

FRIDAY, NOVEMBER 6, 1816.

**NEW YORK ELECTION.**—From the returns which have thus far been received, it is certain that John Young, (whig,) is elected Governor; his majority over Silas Wright (democrat,) thus far, is 6,512. The counties to be heard from are strongly whig.—The whigs have elected 19 Congressmen, and the democrats 6. The four Congressmen from the city of New York, are democrats.

It is quite certain that the whigs have also carried the Legislature.

**NEW JERSEY ELECTION.**—The whigs have also carried New Jersey. Gregory, (whig,) is elected to Congress in his district, by over 2000 majority. Vandyke, (whig,) is also elected to Congress, by 1163 majority. The whig majority, as far as heard from, is 6237.

**SAD ACCIDENT.**—A little girl about ten years of age, daughter of Mr. Nathan Wenden, while playing with the rope of a well, on Wednesday, fell in headfirst, and fractured her skull so that she died in about ten minutes. The well was dry.

**IN THE LATE GALE AT HAVANA,** there were over seventy vessels, consisting of ships, barks, brigs, schooners, and sloops, wrecked. Nineteen of them were American, ten British, thirty-three Spanish, two Russian, two Bremen, four French, and several other vessels. Six Spanish men-of-war, and the French frigate Andronic, of 60 guns; and the French corvette Blonde, of 20 guns, were wrecked. Only four vessels rode out the gale in safety.

**MIKE WALSH** is again in trouble.—He has been sued by Hiram P. Hastings for a libelous article published in his paper, the Subterranean. We believe he has been sued once before by Mr. Hastings, for a similar offence.

Mike submits to imprisonment about as coolly as any body that we know of. Some time ago, he received an invitation to attend a large ball, which he accepted; but at the time the ball "came off," he was locked up in the Tombs, for libel and consequently could not fulfil his engagement; so he wrote a very polite note to the managers, begging that they would excuse him, and stating, as a reason for his not being there, that he was confined to his room!

The loan of \$800,000 for the State of Indiana, has been obtained in England.

**FROM BRAZOS, ST. JAGO.**—The ship Clinton Capt. Manson, arrived on the 24th inst. at New Orleans from Brazos, whence she sailed on the 18th inst. She carried out from New York one company of sappers and miners, 75 in number. The ship John Holland, Capt. Henderson, arrived at Brazos on the 17th inst. with troops. The steam schooner Florida had been aground on the bar, but had got off and sailed for New Orleans, with a number of the soldiers who were wounded in the battle of Monterey.

**DR. CHEEVER** has withdrawn from the editorial chair of the New York Evangelist, on account of his increasing cares and responsibilities, as Pastor of the Church with which he has lately become connected.

**CHAFFICE'S** brass foundry is removed to the new building next north of the Custom house, where he would be happy to see all of his old customers, and as many new ones as want any thing in his line.

It will also be seen, by reference to our advertising columns, that Joseph M. Lyon has established himself on the corner of Thames and Gridley-streets, where he does all kinds of brass and copper work.

**THE SECRETARY** of the Treasury has issued proposals to raise five millions of dollars, at six per cent interest.

**THANKSGIVING** in New Jersey, November 29th.

**THE DEPOT** of the Cunard steamships for the New York line, it is said, is to be at Jersey City.

**COMMERCE OF NEW YORK.**—The imports during the month of October, amounted to \$3,800,235, and the exports to \$3,791,931.

**A PEACE CONVENTION** is to be held in Providence on the 12th inst.

**193** death in New York last week, by consumption.

**THE STEAMERS VIXEN, and Spitfire,** recently bought by our Government, and sent to the Gulf of Mexico, are said to be complete failures, not being able to make more than eight miles per hour, full steam.

**DO AS YOU AGREE.**—Men who disregard their word and only refuse to break it when it is for their interest, are unsafe friends, and hard to be trusted. We admire the character of those persons who always fulfil their agreements, be the injury to themselves ever so great. You know just where to find them, and their word is as good as a written obligation. Forgetfulness is a poor excuse for the non-performance of contracts.

**THE FOLLOWING** advertisement we cut from the New York Herald:

**TO YOUNG GENTLEMEN.**—A lady, of prepossessing appearance, having recently arrived from her native city, Manchester, England, with the intention of visiting her relatives, but, on arriving here, she found they had sailed to England, wishes a healthy, honorable, and respectable companion for life. She is worth £500 in cash, and has £100 per annum; she plays on the pianoforte, and sings beautifully. Address box 1867, post office. All letters must be prepaid.

Exactly the chance that we have been waiting for. Wont we shine—£500 pounds in cash! and £100 a year—that's the talk. Is of prepossessing appearance—plays the pianoforte, and sings beautifully! She must be the very embodiment of perfection. Does any body want to buy us out?

**UNLADYLIKE.**—The New York Mirror says, that on Wednesday, four young ladies were seen riding through the streets of Philadelphia, in an open carriage, each with a cigar in her mouth, puffing away with a "generous abandon."

When lady smokers turn out as above stated, gentlemen smokers had better retire from the field.—*Worc. Transcript.*

It certainly would be a novel sight to see a lady in the street, with a cigar in her mouth, because it would be a sight that we are not accustomed to seeing, but we know of no good reason why they should not do it, as well as the men. Is not the ladies' taste as refined as the gentlemen's?

**BOGLE'S** Hyperion Fluid is becoming immensely and deservedly popular. It is unquestionably superior to any thing of the kind now in use, and those who admit it, who may test the matter, Ladies who wish the very best article in the world to give the hair beauty and natural gloss, as well as to give it a satisfactory set, should try the Hyperion Fluid. We mean just what we say, and have no fears of having the matter tested, Bogle is no less skilful and happy in his style of dressing the hair. Put your head in his charge, and see if this be not true.—*Star* Aug 21

Bath, Me., April 29, 1811.

**MR. F. BROWN,** Dear Sir: I am much gratified in having an opportunity to announce to you, that, by the use of three bottles of your Sarsaparilla and Tomato Bitters, I have been, from a stage of general debility and decline, and continual suffering, restored to the enjoyment of good health.—For a number of years I have been troubled with the Liver Complaint, so badly at times, as to prevent my attending to business, and Dyspepsia followed, with loss of appetite, weakness and debility, and a sinking and oppressive sensation at the stomach most painful and distressing, which gradually decreased my strength, and led me into a decline, and debilitated me so much as to occasion fears for my recovery; while in this situation I was induced by the persuasion of a friend, to make a trial of your Bitters, and was most happily disappointed in finding an immediate relief; and before I had taken the contents of the first bottle, I had obtained a comfortable state of health, and before I had used three bottles, I enjoyed better health than for a number of years. This was about two years since, and my health has continued good till the present year. I must say that I have not much confidence in patent medicines, but I am satisfied, from the wonderful effects of your Bitter's in my own case, and of friends whom I have induced to use it, that it is a valuable medicine, and I take much pleasure in recommending it to my friends and acquaintances, and indeed to all who are thus afflicted, as well worthy a trial. I remain yours, &c.

**DR. BANNING'S** Patent Body Lax, For Weakness of the Body.

The following letter is submitted to a discerning public, and the proprietor is enabled to refer to many individuals—whose testimony will satisfy the most incredulous. Be particular and get Banning's Lax, and be put off with nothing else.  
New and More Testimony.

**WARREN,** August 22, 1816.  
**DR. BORDMAN.**—Dear Sir:—Now being about leaving for home, I am able to give this favorable account of the Lax which I have worn only four days. For more than four years I have suffered greatly from dyspepsia, that scourge of our race. My food has always been so troublesome that my stomach would reject it almost every day—my bowels always constipated—my head always feeling heavy and unpleasant, and my spirits greatly depressed. I was unfitted for any regular business, and till I saw you, I had given up the hope of ever being better. I had consulted many physicians and in Boston, those the most celebrated, and spent nearly all the money I could earn, upon them and medicines. Since I have worn the Lax, all these symptoms have in a great degree vanished, and now, it seems to me, I shall be well again. I find my body regaining its erect position—the spitting up my food is pretty much over, my spirits and energy are returning, and I feel like a new man.

**Genuine Bears Oil**—Highly Perfumed.—Perhaps our ladies and fashionables are not aware that three quarters of the 'Bear's oil' (so called,) with which they anoint their locks, wondering that it does them so little good, is nothing in the world but hog's lard, so highly scented as to escape detection, save on close examination. This, however, is simply the fact, and one that ought to be known. The only safe way is to purchase your Bear's Oil of HENRY JOHNSON, who gets it direct from Canada, and the North Western territory, and who never sells an ounce until he knows it to be genuine. When the pain proceeds from the face or gums around a tooth apparently sound, this application will give speedy relief, by rubbing a few drops to the part affected.—Price 25 cent. ## CLOTHING. CLOTHING. Large enough for the largest man, and small enough for the smallest boy.

We warrant men a perfect fit,  
That's not the most successful hit?  
For with their matchlessness of cut,  
Far more celebrity we've got;  
Small gain on one alone we reap,  
But here's our motto—"we sell cheap."

At the great  
**OREGON CLOTHING WARE HOUSE,**  
Corner of Thames & Franklin Streets.

May be seen the largest and most splendid as-  
sortment of Ready Made Clothing ever offered in the  
town of Newport, at prices which cannot fail to  
suit, and a little superior and cheaper, than at any  
other similar establishment in the town. These  
goods cannot be surpassed, if equalled, for neatness,  
taste elegance, and durability. This well selected  
stock was bought on the cash system, and can and  
will be sold cheap. Come now all ye, while the  
doors are open unto you, and be clothed from the  
crown of your head to the soles of your feet.

Among the above named articles may be found  
**Cloaks.**

Which dignify the human form—  
As beautiful as they are warm.  
**Pilot Coats.**

They cost more nothing, and so stout,  
It takes you years to wear them out.  
**Beaver and Broadcloths.**

They seem forever fresh and bright,  
And give the wearer great delight.  
**Dress Coats.**

Cut, pressed, and made in tasty manner—  
They win the envy of the scanner.  
**Pantaloon.**

Fine stitches, tightly drawn, and strong—  
The reason why they last so long.  
**Vests and Scarfs.**

There's nothing can adorn the breast  
So well as can a handsome Vest,  
But what's a Vest without a Scarf?  
It's like a smile without a laugh;  
It loses half its expression.

No man should think of such aggression.  
Also may be found Collars, Bosoms, Shirts,  
Handkerchiefs, Gloves, Suspenders, Hats, Caps,  
Boots, Shoes, and all other articles generally worn  
by the Male part of the community. Don't forget

## Boglo's Hyperion Fluid; Or Vegetable Hair Composition.

THE subscriber has been induced to bring this  
article before the public, at the request of his nu-  
merous customers, among whom are physicians  
and citizens of the first respectability, who have  
adopted its use in their families, and wish others to  
participate in its advantages.

The Hyperion is composed of vegetable ingredi-  
ents, the secret of compounding and blending which  
is known solely to the subscriber. It is an arti-  
cle in which a cleansing and purifying wash is  
beautifully blended with a most delicate, silky and  
glazey moisture never before attained, yet free of  
animal grease or essential oils. It clears the pores  
of the skin, causes a healthy action in the blood  
vessels, nerves, &c., which feed the hair, thereby  
preventing BALDNESS AND GRAY HAIR.

It entirely frees the skin from Scurf, Dandruff,  
and other cutaneous diseases, disposes the hair to  
curl, and changes the hardest hair into the most  
soft, glossy, and healthy state, also imparts to it a  
darker color, and the free use of it, both on the  
skin and hair, in a most healthy and luxuriant  
state until the latest period of life.

Ladies will find the Hyperion a great addition to  
the toilet, both on account of its delicate and agree-  
able perfume, and the great facilities it affords in  
dressing the hair, which, when moist with the Hu-  
perion, can be dressed in any required form, so as to  
preserve its place, whether plain or in curls.—  
When used on children's heads, it lays the founda-  
tion of a good head of hair.

### DR. BANNING'S PATENT LACE!

An immediate Relief to Incipient Consumption, the Bronchitis of Public Speakers, Palpitation of the heart, Dyspepsia, Spinal Weakness, Piles, Protrusions, and Diseases of Women, without Medicines.

THIS instrument has been examined by Drs. Mott, Rodgers, Francis, and Grison of New York, the faculty of Pittsburgh, Hartford, New Haven and Middletown, and has obtained for itself their favorable testimony. The following will show what kind of testimony might be produced in many cases:

Middletown, June 25th, 1843.

Dr. Boardman,

Sir—I in answer to your inquiry respecting my case, I will merely say, that I have been sick since I strained my breast and loins in May, 1836, from that time continued to grow worse, when in the fall of '39, I abandoned business, and have not done any thing since. I suppose from all I could learn about my case—frequently raising blood, coughing very hard and expectorating profusely, deriving no benefit from my physicians, and all medicines recommended to me, that my case was hopeless. Last winter my brother told me he had heard a good account of Dr. Banning's Lace in such cases, and was anxious that I should try it; accordingly I procured one from you, and since I began to wear it, my breathing, which was very short and laborious, has become easy and natural; the pain and fluttering or palpitation of the heart has subsided; cough and expectoration greatly lessened, my limbs which were exceedingly painful have become useful, so that I can walk comfortably. I am able to shave myself with comfort, which for many years I have not been able to do. The piles, which have troubled me for nine years, are nearly eradicated. I work some in the garden, and am able to ride 4 miles at once with pleasure and benefit. Yours, &c. WM. RANKIN.

Dr. G. M. Boardman,

Middletown, June 25, 1843.

Dr. Boardman,

Dear Sir—in answer to your inquiries respecting the effect of Dr. Banning's Lace in the case of my wife, I will state that for twenty years past, she has been afflicted with a complication of complaints to which females are subject. She has tried all the physicians and all the medicines recommended for such complaints, without regard to expense, and found only temporary relief. Her most distressing complaints, palpitation of the heart, oppression and a sense of great weight at the pit of the stomach, prolapsus of the womb, &c., were believed after wearing the lace two hours, and she has continued to improve daily. With this view of the case I cannot use language strong enough to convey my approval of the instrument. aug. 29th.

PROVIDENCE, Feb. 26, 1846.

Doctor Boardman,—Dear Sir—I now take my pen to inform you that my wife's health has improved very fast for the last two weeks from wearing one of your Laces. She has been out of health about two years and has worn a different Supporter from yours, which had only two pads. She received some benefit from that—but it would not produce a cure. But now I can say with pleasure that she is as smart as any of the young girls in the neighborhood. She can now run up and down stairs as fast as I can, and I feel so well pleased with it that I hardly know how or what to write. But one thing I do now, that she has been under the care of seven Doctors in one year—and wearing your Lace two weeks has or will do the cure in a very short time. I want to write more, but I have no time. I am truly, your friend and well wisher, J. \* \* \*

Doctor Boardman, proprietor of Bannings celebrated Patent Body Brace, for this state, has taken rooms at No. 8, Broad street, where he may be consulted, free of charge. He is enabled to treat, successfully, cases of Rheumatism, Neuralgia, Headaches, Deafness, loss of Voice, Bronchitis, Weakness and curvatures of the spine, and chronic diseases generally. He is enabled to refer to numerous cases in Providence, and this town. aug 28

June 30,

From the Brooklyn Daily Advertiser.

IS—A BEAUTIFUL YOUNG LADY residing in W. street in this city, has received great and unexpected benefit from the use of that excellent specific RADWAY'S CHINESE MEDICATED SOAP. Some few weeks since she was on a visit to some of her relatives in South New Jersey, where she was very severely bitten by mosquitoes, being at the same time very much exposed to the scorching rays of the Sun, she experienced great pain, and irritation from the effects of the mosquito, and much annoyance from the unnatural darkness of her tanned complexion. We recommended her to use that excellent Medicated Compound, RADWAY'S CHINESE MEDICATED SOAP, she complied with our request, and in three days there was not a single spot, blotch, pimple or blotch left upon her skin, and her complexion is now as fair as the lily.

Ladies, secure without delay a cake of this inestimable Soap, it will purify your skin, improve your complexion and remove all disfigurements entirely from the surface of your system. Price 12-12 cents per cake. Sold in Newport by R. J. TAYLOR, Agent. Aug 7

IT is now about ten years since this medicine has been introduced to the public, and it stands unrivalled in its effects, bearing the test of the severe scrutiny of all classes, both friendly and unfriendly. It is but for one purpose—for the use of Mothers who have to pass through a sea of affliction in giving birth to mankind, not to be described. It is to you we make an appeal. It is for your especial and general good that you should make use of one bottle of the MOTHER'S RELIEF before confinement. Then you can approach the parturient chamber without feeling as if you were going to the chamber of death. You may rest assured it will still all fertile and nervous affection. It soothes and shields from irritation and by its peculiar properties it destroys the cause of hemorrhage or inflammation that so often attend and follow the hour of parturition. It causes sweet and natural rest, and at last facilitates the birth, so that Mothers have not to pass through such excruciating pain and distress. The Mother's Relief may be depended upon in all cases of threatening abortion where it is possible to be prevented in cases of Spasms, &c., causing frequent alarm from two to three doses will give immediate relief.

As the subject is one that cannot with propriety be fully discussed in this public manner, we invite all who feel interested to call on our agents (most of the respectable Druggists in the United States) or on the manufacturer, and they will be furnished with a pamphlet in which they will find all the facts to form a correct opinion of its merits, and also the opinions of many physicians of eminence, and of persons who have become acquainted with its beneficial effects.

CAUTION TO PURCHASERS.—Ask for BARTHOLOMEW'S Mother's Relief. ## LORRAINE'S PILLS.

All persons require Purity.

DR. LORRAINE'S CURATIVE SYSTEM OF MEDICINE is rapidly producing achievements never before known in the cure of diseases. The immensity of its wonderful results, alone demonstrate that its principles must be founded on truth. The relative proportion of Cures by this Medicine is out of all proportion greater, than by any other Medicine known.

THE THEORY is, that one blood beats in the bosom, and flows through the body of every man, and must be pure, it is the Vital Principle that sustains life.

Physicians, and people of every class are willing to come forward and announce, in the most public manner that they have been cured of long standing complaints—after another medicines had failed. In act there can be no doubt but that Lorraine's vegetable Pill is the best medicine ever offered to the public.

See a few public statements of men of truth and virtue.

Lynn, Dec. 17th, 1843

Sir: I have sold all the pills I last had of you, please send another lot immediately. The sale of Lorraine's vegetable Pills is rapidly on the increase, they are becoming very popular. I sell more and more every day. As a curative medicine and purifier of the blood, I think they stand unrivalled. One fact I have noticed, that no one that has used them finds any fault with them; they have wrought some very great cures. One lady, who has been confined to the house and bed, a great part of the time, for twenty years, is now cured and able to work most of her time, after having taken 3 boxes only of Lorraine's Pills! I might name many other cases where the cures have been as great, but have not time. Yours respectfully,

J. E. F. MARSH.

Portland, Me., Nov. 7th, 1843.

Sir: Please send us one gross of Lorraine's Pills, we have sold all we had last. They have given very good satisfaction, better than any other pills which we have in our market. I think in a short time they will take the place of others. We have had no fault found with them whatever; but, on the contrary, they have been praised highly. I think we could have quite a number of highly respectable certificates from our citizens.

Yours respectfully, E. MASON.

Chicks, Jan. 3d, 1844.

Sir: I transmit to you an account of my case for publication, believing it to be my duty. I have been confined with the Rheumatism nearly the whole winter, have had some of the best physicians of Boston and could get nothing that would relieve me more than temporarily. I heard of the wonderful virtue of Lorraine's Pills, I had no faith whatever, but I took them, and it is a solemn fact that when I had taken but eight pills my Rheumatism had entirely left me, and I have remained well ever since.

N. B. I never took more than one pill at a time and that on going to bed.

Yours respectfully, W. M. HALSTAD.

OPINION OF A SKILLFUL PHYSICIAN. Sir, the operation of Lorraine's Pills is past any philosophy to find out, how so small a Pill can produce such wonderful effects. I find that one of them will operate more than 3 or 4 of any other Pill, yet in their operation, mild, gentle and comforting. On this account, they are more than 100 per cent, cheaper, as physis, than any other Medicine I know of.

These Pills are now acknowledged by thousands who take them daily, to be the only medicine that fairly takes the Banner from all others. This extraordinary medicine has actually done Wonders within one year past. They cause no pain or uneasiness of any kind in their operation, and require neither change of diet or care of any kind.

The attention of the reader is respectfully called to the important results from the use of these Pills. It will be seen, however great achievements have heretofore been made by the use of this invaluable medicine, still greater and more remarkable cures daily happen.
